

ADULT/GERONTOLOGY PRIMARY CARE NURSE PRACTITIONER

The Adult/Gerontology Primary Care Nurse Practitioner (AGPCNP) specialty prepares graduates to provide comprehensive, holistic care for patients with episodic, critical, and complex illness or injury, as well as chronic disease exacerbations. Education includes how to stabilize patient conditions, prevent complications, restore and maintain optimal health, and provide palliative and end-of-life care. The AGPCNP curriculum prepares graduates to provide care for individuals beginning at adolescence through the adult lifespan. The AGPCNP curriculum focuses on optimizing health by engaging patients in decisions that support the intersection of physical, behavioral, and social wellness; this curriculum prepares graduates to assess undifferentiated presentations and emphasize primary, secondary, and tertiary prevention.

The AGPCNP curriculum is intended to prepare students to apply for Adult/Gerontology Primary Care Nurse Practitioner Certification through the American Nurses Credentialing Center or the American Association of Nurse Practitioners.
